

ACTIONS We All Can Take for Women's Equality

Including Women in Programs and Policies

Removing barriers to women's participation in our union improves representation.

A CALL TO ACTION for Steelworkers:

- Reach out to union sisters and encourage them to come to union meetings and get involved.
- Support those union sisters who take the initiative to step up.
- Educate new members about the value of a union.
- Take our membership's gender, race, language and other diversities into account at all levels of our union, events, programs and policies.
- Ensure child care is offered at local, district and international events.
- Send resolutions to National Policy Conferences and International Conventions on women's issues.
- Provide an opportunity at women's conferences for survivors of gender-based violence to connect and heal.

Sponsored by the **USW National Women's Committee**
