

## POST-SECONDARY SCHOLARSHIPS 2018

Because we know that education is at the heart of success and obtaining good jobs, every year, the United Steelworkers distribute 21 scholarships of \$1,000 each to qualified secondary students across Canada, to be distributed as follows :

District 3: 5 Scholarships (Western Provinces)  
District 5: 6 Scholarships (Quebec)  
District 6: 2 Scholarships (Atlantic Region)  
District 6: 6 Scholarships (Ontario)  
National Locals: 2 Scholarships

These scholarships are intended to support Steelworker members who spend many years saving to allow their children to pursue post-secondary education.

### To apply:

- **What is the “union advantage”?** Your essay should examine what difference being a member of a union can make. You might want to interview your parent or guardian about the role of the Steelworkers in their workplace and what difference the Union has made in their lives. What areas or issues could the Union better address to organize and engage younger workers in the workplaces of today? What advice would you give to the Steelworker leadership about how to respond to efforts that make it more difficult to organize unions?
  
- **Is there a role for unions today?** Your essay should examine what role unions play in today’s society, and what kind of difference being a member of a union can make. You might want to interview your parent or guardian about the history of the Steelworkers in their workplace and what difference the Union has made in their lives. What areas or issues could the Union better address in the workplaces of today? How can the union build the support of members and their families?
  
- **Your vote is your say:** If democracy is so important to us, why aren’t more people voting in elections? Discuss in your paper why politics and participation in political action is important to our democratic society. What do you think Steelworkers and others can do to help encourage young people to become politically active? What could the Union do differently or better?

Your essay must demonstrate an understanding of the United Steelworkers and of the labour movement or of social justice movements in general.

- 3) The application form and three additional documents must be received by end of day **June 29, 2018**.
